A 62°NORD SIGNATURE ADVENTURE

STAURNESET CABIN

Your Private Adventure in Norway

Welcome to a week of pure freedom on Norway's breathtaking Giske Island. The Staurneset Cabin is a private, elevated retreat crafted for explorers —young couples and families who want the tools to create their own adventure.

Giske island's small size and comparatively gentle landscape does not betray the unique part it has played in the history of Norway, as home to noble Viking families whose fame extended far beyond these shores. It is perfect for outings – bike to see the curious mix of well-tended farms and swathes of wild forest, kayak to experience the uniqueness of the North Sea – often visited by orcas, always inhabited by seals, a gem of the great North.

Price from NOK 150 000 all inclusive

THE FJORDS

The fjords were carved by kilometre-thick glaciers out of the ancient rock, creating narrow ocean inlets flanked by sheer cliffs and awe-inspiring peaks. In days gone by, the fjords were inhabited by Viking seafarers, hardy explorers who were the first European visitors to so much of the New World.

Your adventure will be the chance for you to plot your own voyage of discovery along flat roads at edge fjords and up winding routes through mountains, surrounded by crystal clear lakes deep forests that inspired Norway's folk tales trolls talking beasts.

Enjoy Ålesund's celebrated dining scene with exclusive vouchers to top restaurants like Sjøbua, Apotekergata No. 5, and Bro, all within a short drive from your cabin.
